GPS IT Services are pleased to offer your company a Free 10 point comprehensive Health Check on all of your IT infrastructure, including your PC's, Laptops, Servers and Networking Hardware.

We will audit your IT Systems and provide you with complete reports and recommendations including the following.

- Complete hard drive audits of all program, non-program files and your choice of file extensions to audit. (Windows NT 4 through to Windows 7 64-bit supported)
- Anti-virus, anti-spyware software configuration status
- Firewall configuration and security details
- Windows Update status
- Shares from PC's and Servers and other security threats
- Critical items from the Event Logs
- Start-up program status
- Advice on Network and File Sharing security policies and procedures
- Complete hardware and software inventory
- We will also examine your current backup and disaster recovery plans and systems and will make written recommendations where required.

We all know that prevention is better than a cure so save your company money and have your systems checked before disaster strikes!

\*Free Check-up only applies to companies with 35 employees or fewer.

Offers subject to availability, prices and specifications are correct at date of publication and may change without notice. Delivery charges may range from €2 ex VAT (€2.42 inc. VAT) to €23 ex VAT (€27.83 inc. VAT) per delivery.
